Free Will and Love

There are two forces in the universe.

The first is Free Will which is electric and completely unpredictable. It jumps from point to point in a random zig-zag. If you want to observe electric behavior in nature, just watch how insects or lightning move from point to point. Let's call it the wind that changes directions all the time. This explains people how they can run the spectrum from being evil to being good. It explains that you cannot predict anyone. How some people are great and other people are jerks. Most of Humanity is centered in the tunnel vision of Free Will. Free Will is how humans evolved from the instinct of the animals- it is self-awareness.

And then there is Love, which is stable and unifying. Love is magnetic. Love is evolution from the Human Kingdom into the Spiritual Kingdom. Love is group and others awareness. The Love force is used by people on the positive path. Free Will (of self and others) and Love get balanced on the positive path- it is called the Will to do Good. You respect Free Will and follow the Golden Rule. It is called the Path of Service to Others. Love your neighbor as yourself. Evil people only respect their own Free Will and have no Love. Evil is the Path of Service to Self, which is a dead-end path. That is the difference, Love or the absence of Love.

It explains some of how the simulation we live in works. The simulation we live in is a paradox (everything is purposely designed for choice (positive or negative polarity)). Everything is opposites on purpose as part of the confusion. Day and Night. Sun and Moon. Male and Female. Love and Fear. The positive path finds the narrow way Jesus Christ said, middle way Buddha said, through the illusion. The Paradox called duality (opposites) is the illusion. Genesis, the band, was right, this is the Land of Confusion. If you can release the mind, which is designed to lock you into opposites with its beliefs and judgments, and enter the heart, you will become free.
